A look back at 2017

2017 saw many great achievements for Kangei, we were awarded with our club mark, this is a universally acknowledged cross sport accreditation, it's a great success for all those involved.

We were also invited along to the Active Essex sports awards as nominees for community club of the year, Kangei came away as the winners which is well deserved as everybody here puts a huge amount of time and effort into making our club the best it can be, we are all immensely grateful for the recognition.

Everyone here is truly humbled at the dedication our members show by travelling the length and breadth of the country. Without this we wouldn't have been able to achieve the huge medal haul that we did last year. Some of our juniors travelled to Scotland where we left with 5 medals, taking 2nd on the minor's medal chart at Britain's premier international judo competition. Sheffield was the venue for some of our higher-level competitions. Victors were made, boys British schools champion, two English minors champions and a bronze pre-cadet medal was awarded. Venturing to wales where sensei Steve returned from competition retirement to become British masters champion 73kg M2 category. Sensei Terri competed in Italy narrowly missing out on a medal at the worlds. Sensei Lee's Dedication paid off earning him his black belt 1st dan. Walsall saw our coaches practise what they preach side by side with the seniors, returning as champs, taking numerous medals at the Bev price team event. Kent saw the lollipops dominate gaining medals & taking club of the day from the reigning champions at the Help for Heroes event.

Outside the world of sports halls, kangei's family events were hugely enjoyable for all that attended. Camping, race night and the presentation will all feature again in 2018 we hope you join us.

2017's achievements exceeded expectations, congratulations to all the players from all the team here at Kangei we are extremely proud and look forward to surpassing last year's accomplishments.
